- We have a responsibility to promote the welfare of all children and young people, to keep them safe and to practise in a way that protects them.

### **We recognise that:**

- The welfare of children is paramount in all the work we do and in all the decisions we take
- All children, regardless of age, disability, gender reassignment, race, religion or belief, sex, or sexual orientation have an equal right to protection from all types of harm or abuse
- Some children are additionally vulnerable because of the impact of previous experiences, their level of dependency, communication needs or other issues
- Working in partnership with children, young people, their parents, carers and other agencies is essential in promoting young people's welfare.

### **We will seek to keep children and young people safe by:**

- Valuing, listening to and respecting them
- Appointing appropriately trained Designated Safeguarding Leads (DSL's) for children and young people; a Strategic Safeguarding Lead and a lead board member for safeguarding
- Adopting child protection and safeguarding best practice through our policies, procedures and code of conduct for staff, associates and volunteers;
- Ensuring that all staff have completed mandatory safeguarding training, so they are confident with respect to what constitutes a safeguarding concern and their responsibilities
- Mandatory biennial Prevent Training
- Ensuring all members of SLT and team members with responsibility for recruitment have completed 'Safer Recruitment' training
- Providing effective management for staff and volunteers through supervision, support and quality assurance measures so that all staff and volunteers know about and follow our policies, procedures and behaviour codes confidently and competently
- Recruiting and selecting staff, associates and volunteers safely, ensuring all necessary checks are made
- Recording, storing and using information professionally and securely, in line with data protection legislation and guidance

- Sharing information about safeguarding and good practice with children and their families via leaflets, posters, group work and one-to-one discussions
- Making sure that children, young people and their families know where to go for help if they have a concern
- Using our safeguarding and child protection procedures to share concerns and relevant information with agencies who need to know, and involving children, young people, parents, families and carers appropriately
- Using our procedures to manage any allegations against staff and volunteers appropriately

- Ensuring that we provide a safe physical environment for children, young people, staff and volunteers, by applying health and safety measures in accordance with the law and regulatory guidance
- Creating and maintaining an anti-bullying environment and ensuring that we have a policy and procedure to help us deal effectively with any bullying that does arise
- Building a safeguarding culture where staff and volunteers, children, young people and their families, treat each other with respect and are comfortable about sharing concerns.
- Monitoring and evaluating BDSIP's safeguarding practises and policies via a Safeguarding Team that meets on at least a termly basis

- Biennial Prevent training

Completion of all required training will be monitored regularly to ensure all BDSIP staff, associates and volunteers are up-to-date.

### **Safeguarding Procedures**

In the event of a safeguarding concern, BDSIP staff, associates and volunteers are expected to:

- Ensure they have reported the concern **immediately** to the DSL at the school/provision at which the child or young person attends, and follow the safeguarding procedures and protocols of the school/provision as directed.
- 
- **Notify both DSL's at BDSIP** that they have made a safeguarding referral, **at their earliest possible convenience and within 24 hours**. Complete the BDSIP Reporting a Concern form providing details of the school, the name of the school DSL and the name of the child, name of the person you reported to, the contact details for the school DSL. One of the BDSIP DSL's will take the lead for each case

The lead DSL at BDSIP will contact the school within 24 hours to identify what follow-up action has been taken. Information about the progress of the referral will not necessarily be shared with the reporting member of staff.

In the unlikely event there are concerns about processes in a school/provision, BDSIP does reserve the right to escalate the safeguarding concern to the appropriate agency to ensure that we are fully discharging our responsibility for safeguarding children and young people. In these cases, the lead DSL at BDSIP will:

- Notify the Chief Executive and Strategic Safeguarding Lead at BDSIP
- Ensure that head teachers are aware of our decision.

Where a child is **not** currently placed in a school/provision, BDSIP staff, associates and volunteers are expected to:

- report the concern **immediately** to the DSL team at BDSIP. **(copy both DSL's into your report)**. One of the DSL's will take the lead for the case.
- provide a written statement **at their earliest possible convenience and within 24 hours**, outlining the nature of the concern or description of the incident for the attention of the lead DSL at BDSIP. A template can be found in the Safeguarding policies and procedures folder.

The lead DSL will be responsible for reporting the concern and following-up on progress. Information about the progress of the referral will not necessarily be shared with the reporting member of staff

Where the safeguarding concern is with reference to BDSIP staff, associate or volunteer, a referral should be made to the Strategic Safeguarding Lead and Chief Executive at BDSIP **immediately**.

Where the safeguarding concern is with reference to the Chief Executive, a referral should be made to the chair of the board, Phillip George, **immediately**.
